 \$20.00 \$50.00

Other \$ _____

Please detach and return with your check payable to Miracle Flights for Kids
Or make a secure donation at www.miracleflights.org

To Whom It May Concern,

‘Normal and healthy’, it can be expressed either with utter joy, exhausting relief or calming reassurance; or a combination of any and all. It’s simple, yet often used phrase when parents and mothers share the news of a new born child. here at Miracle Flights for Kids, we know it’s a phrase that should never be taken for granted.

A healthy life is the birth right of every child. As the leading non-profit flight organization in the country, Miracle Flights for Kids is dedicated to creating that hope for sick children and families across America and beyond. Since the founding of the Miracle Flights program more than twenty years ago, we have now surpassed 60,000 life-saving flights with over 30 million miles flown. And last year, I’m proud to report we coordinated a single record of 5,880 flights to assist young patients. But with that record, comes a burden that requires us to be diligent in our funding efforts to met those needs.

Today, we ask for your continued support of our important work. Won’t you partner with Miracle Flights for Kids and help us to strengthen all facets of our organization? Won’t you invest some of your time and financial resources to create hope for sick kids today? It takes so little to change a life. Knowing that you are adding time to so many children’s futures will be the most rewarding part of your life’s work as you go beyond compassion and emotion and move to action.

Together, we can build on a foundation for travel successes as we add a new tomorrow to every day, for sick children.

Sincerely,

Ann D. McGee, President

Take Action!

Help us get more kids to the specials who can help them get well.

Flight Connector

Be a Flight Connector!
Give a family with a sick child our 800 number.

Sky Writer

Be a Sky Writer! Tell your community about our services.

Stay Healthy!

Educate yourself about your health options.

Take Charge!

Search the internet for a specialized doctor who can help you or your child.

Protect your family by encouraging good health through exercise eating right, and accessing proper health care.
